

# The Whimsical Tuffet Pincushion

**Your kit comes with the following: ( This is all in my Amazon Storefront.)**

**5" Baseboard**

**4 Feet**

**¼" staples**

**You need:**

**Fabric**

**1" Foam**

**Darcon**

**Spray glue**

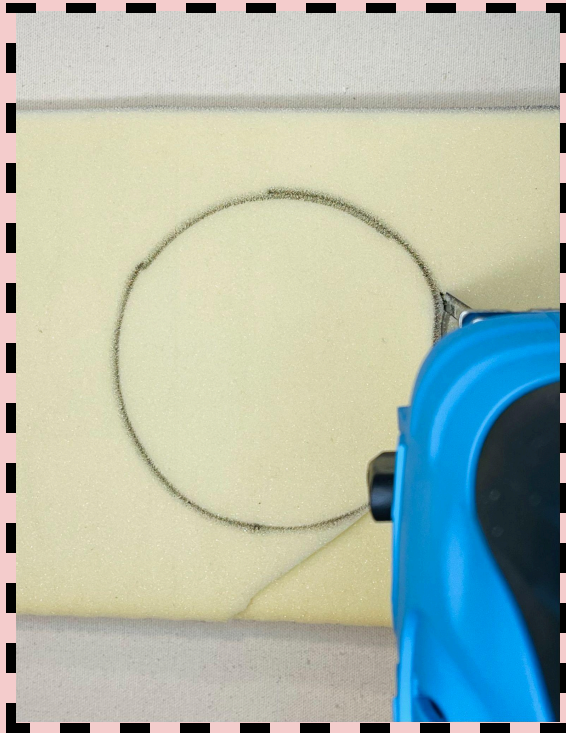

**Staple gun**

Set the baseboard on a piece of 1" foam.

Trace around the wood base onto the foam with a marker.

Cut your 1" foam on your mark.

Glue the foam to your wood base.

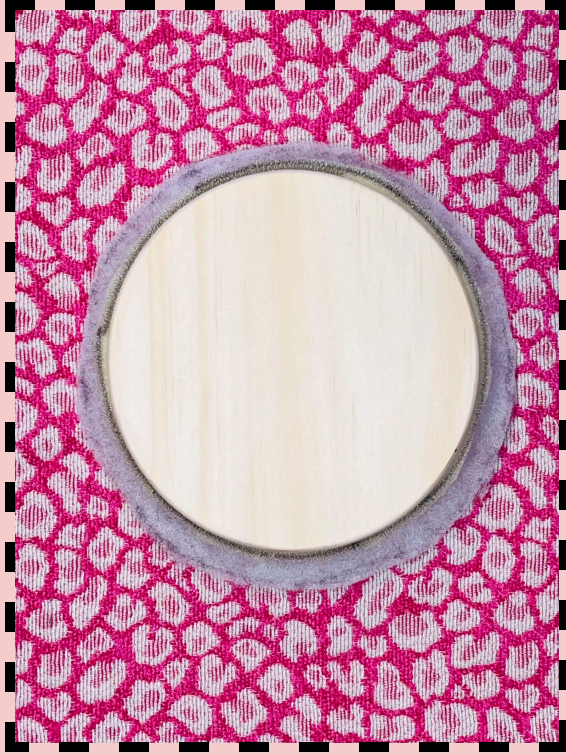

Mark your dacron about  $\frac{1}{4}$ " larger than the edge of your base.

Glue Dacron to foam top.

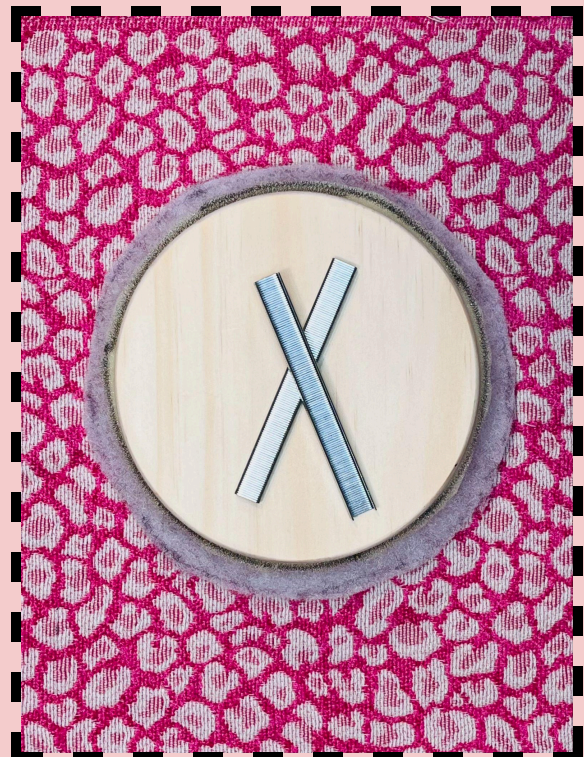

Cut a 10”x 10” fabric square.

---

Use  $\frac{1}{4}$ ” fine wire staples that are included in your kit.

Pull the fabric snugly against the wood base.

---

Shoot the first staple into the base.

Pull and staple the fabric to the opposite side. Continue until all four sides are attached.

Pull and staple the fabric until it is attached around the base.

Trim away the excess fabric.

You're ready to finish the bottom of the pincushion.

Mark the felt for the bottom. Cut around your mark.

Glue felt and feet to the bottom of your pin cushion.

Set it next to your sewing machine and  
enjoy your Whimsical Tuffet  
Pincushion!
